**IN THE DISTRICT COURT OF SHAWNEE COUNTY, KANSAS
DIVISION 15**

VICKI SCHMIDT,	)	
COMMISSIONER OF	)	
INSURANCE,	)	
<i>In her Official Capacity</i>	)	
	)	
Petitioner,	)	Case No. 2023 CV 494
	)	
vs.	)	
	)	
MutualAid eXchange	)	
	)	
Respondent.	)	

**MOTION FOR APPROVAL OF SECOND
INTERIM DISTRIBUTION OF ESTATE ASSETS**

COMES NOW Commissioner of Insurance, Vicki Schmidt, in her capacity as Liquidator
("Liquidator") of MutualAid eXchange ("MAX"), by and through counsel, and respectfully

requests that this Court enter an Order approving a Second Interim Distribution of Estate Assets pursuant to K.S.A. § 40-3641.

In support of her motion, the Liquidator states the following:

1. On August 8, 2023, this Court granted plaintiff's Petition for Rehabilitation, and appointed Vicki Schmidt, the Commissioner of Insurance and her successors in office as Rehabilitator of MAX, and Jodi Adolf and Bruce Baty as Special Deputy Receivers ("**SDRs**") of MAX.

2. On August 22, 2023, this Court entered a Judgment, Decree and Order of Liquidation with Finding of Insolvency (the "**Liquidation Order**") against MAX. The Liquidation Order found MAX to be insolvent and terminated the rehabilitation proceedings. The Court appointed Kansas Commissioner of Insurance Vicki Schmidt and her successors in office as Liquidator of MAX, and Jodi Adolf and Bruce Baty as SDRs.

3. Pursuant to the Liquidation Order and the Kansas Insurers Supervision, Rehabilitation and Liquidation Act, K.S.A. §§ 40-3605 *et seq.* (the "**Act**"), the Liquidator acts for and on behalf of MAX and is vested by operation of law with title to all of the property, contracts, rights of action, books and records of MAX, and is administering them under the general supervision of the Court.

4. Pursuant to the Liquidation Order and the Act, the Liquidator was directed to (a) identify, marshal and liquidate the assets of the Estate; (b) process and evaluate claims to determine the liabilities of the Estate; and (c) distribute assets to claimants of the Estate in accordance with K.S.A. § 40-3625.

5. K.S.A. § 40-3625, sets forth the priority of distribution of claims from the Estate and requires that “[e]very claim in each class shall be paid in full or adequate funds retained for such payment before the members of the next class receive any payment. No subclasses shall be established within any class.”

6. Class 1 claims are administrative expenses and include, *inter alia*, (1) The actual and necessary costs of preserving or recovering the assets of the insurer; (2) Compensation for all authorized services rendered in the rehabilitation and liquidation; (3) Authorized reasonable attorney fees and other professional services rendered in the rehabilitation and liquidation; and (4) The reasonable expenses of a guaranty association or foreign guaranty association in handling claims. The Liquidator has reserved an amount sufficient to ensure all Class 1 claims are paid in full.

7. Class 2 claims are “[a]ll claims under policies including claims for unearned premium or other premium refunds and such claims of the federal or any state or local government for losses incurred, ("loss claims") including third-party claims and all claims of a guaranty association or foreign guaranty association other than those claims included in Class 1. . .”

8. The Liquidator files semi-annual reports with this Court, which provide detailed information regarding, among other things, the financial condition of MAX and the claims process. The Liquidator filed the most recent semi-annual report as of June 30, 2025 with her Fourth Semi-Annual Report to Court.

9. Subject to caveats regarding financial information in the financial statements, total unrestricted estimated assets for MAX as of September 30, 2025 were \$29,385,597 as reflected in the September 30, 2025 financial statement prepared by the SDRs. Total estimated liabilities were

\$38,384,880, leaving an estimated net deficit of \$8,989,597. As of September 30, 2025, the estimated reserve for Class 1 claims was \$446,695, and total Class 2 claims were \$37,255,545.

10. The Liquidation Order set the deadline for filing Proofs of Claim (“**POCs**” at August 23, 2024 (the “**Bar Date**”). The Liquidator has received 803 Proofs of Claim.

11. The Court has approved the Liquidator’s First, Second, Third and Fourth Claims Review Report, approving the Liquidator’s recommended determinations for 751 POCs – 416 denied, 335 approved or approved in part, and 11 allowed as contingent.

12. On December 18, 2024, the Court approved a First Interim Distribution of 20% of approved Class 2 claims. The Liquidator distributed a total amount of \$7,072,316.01 as part of the First Interim Distribution, which included POCs approved in the First, Second and Third Claims Review Reports.

13. On September 26, 2025, the Court approved the Liquidator’s Fourth Claims Review Report, approving the Liquidator’s recommended determinations for 33 additional POCs.

14. The Liquidator has submitted her Fifth Claims Review Report simultaneously with this Motion for Second Interim Distribution. If approved, 784 POCs will have final determinations – 446 denied, 338 approved or approved in part, and 10 allowed as contingent. A list of POCs eligible for distribution is attached hereto as Exhibit A

Asset Distribution Calculation

15. MAX’s staff and consultants completed an asset distribution analysis that projects inflow and outflow for the Estate for the purpose of estimating ultimate distribution rates to determine the appropriate level for a Second Interim Distribution. Cash coming into the Estate consists largely of reinsurance collections and investment income. The cash going out of the Estate

is and will be attributable to administrative expenses and interim asset distributions to eligible Class 2 claimants.

16. The Liquidator has identified two categories of Class 2 approved claims: (a) contingent claims: SGAs who are paying claims under policies and some claims remain open; and (b) fixed claims: claims allowed in full or in part for a sum certain. Contingent claims “may be allowed and may participate in all distributions declared after it is filed to the extent that it does not prejudice the orderly administration of the liquidation.” K.S.A. § 40-3638.

17. The SGA Class 2 contingent claims consist of indemnity payments and certain expenses of SGAs.

18. The Liquidator’s analysis employs a conservative scenario in order to adequately protect all Class 2 claimants, including those who have and those who have not received a notice of determination from the risk of disproportionate payouts due to interim distribution overpayments. The analysis also utilizes the best estimate of ultimate losses of known and unknown losses and ALAE exposures, based on claims data reported to the Liquidator through September 30, 2025.

19. Although the conservative scenario produced by the analysis is considered reasonable, the actual financial results for the Estate could deviate from specific projections due to the uncertainty inherent in numerous assumptions for various factors, including:

- a. Variability of the ultimate dollar amount of claims incurred and related reinsurance recoverables on those claims;
- b. Collectability of ceded reinsurance;

- c. Timing of claim payments by SGAs, claim determinations by MAX and timing of associated reinsurance collections;
- d. Future operating expenses of MAX;
- e. Future expenses of the SGAs;
- f. Future investment income on invested assets;
- g. Any claims by the Federal government.

20. In order to assess the impact of various assumptions on the ultimate distribution percentage, the analysis considered the possibility of:

- a. Higher dollar amount of incurred claims;
- b. Lower dollar amounts of claims recoverable under reinsurance;
- c. Lower investment income;
- d. Higher operating expenses;
- e. Higher SGA expenses
- f. Slow or lower levels of reinsurance collections.

Proposal for Second Interim Distribution

21. Based on the scenarios produced by the asset distribution analysis and considering the factors set forth above, the Liquidator proposes a second distribution percentage that would increase the total payments for the allowed amounts of the Proofs of Claim at 38%. For contingent claims, the second distribution will be 38% of the amount the SGA has actually paid for UEP and indemnity claims plus a calculation for Class 2 expenses that have been reported to MAX through September 30, 2025 records.

22. The Liquidator proposes that the distribution to SGAs include indemnity claims paid plus total allowed Class 2 expenses, which is calculated as 2% of total unearned premium claim payment expenses plus actual Adjusting or Other (“A&O”) expense incurred or 10% of policy claims paid, whichever is lower.

23. Based on this distribution calculation, a 38% distribution will result in a second interim distribution to all allowed Class 2 POC claimants totaling \$8,514,444.74.

24. Liquid assets as of December 1, 2025 will provide sufficient cash for continued payment in full of all Class 1 claims and for this Second Interim Distribution to all Class 2 claims.

25. The Liquidator believes that the amount of the proposed Second Interim Distribution fulfills her duty to distribute Estate assets in accordance with K.S.A. 40-3641.

26. Additionally, to conserve Estate assets, the Liquidator proposes that distributions not be issued if the amount of the distribution is less than \$100.00 per POC. At the time of this filing, 298 POC claimants will be affected by this proposal. *See Exhibit B.* This threshold will not apply to the final distribution of MAX assets, and these POC claimants will receive the ultimate distribution percentage, even if the final distribution amount is less than \$100.00.

27. Issuing and mailing a final distribution rather than multiple distributions will conserve Estate resources.

28. The Liquidator requests that the Court allow MAX to provide communications to POC Claimants regarding this Second Interim Distribution via email, and to request they opt in to ACH payments. This will conserve Estate resources.

Notice of Motion

29. The Liquidator shall provide notice of this Motion to all Distribution Claimants listed in Exhibit A via email or, if no email is available, at the address listed in each Claimant's POC.

30. The Liquidator shall post a copy of this Motion on MAX's website: www.maxinsurance.com.

31. The Liquidator shall provide a copy of this Motion to the National Conference of Insurance Guaranty Funds for distribution to all SGAs.

WHEREFORE, the Liquidator requests that the Court grant this motion.

Respectively submitted,

/s/ Steven A. Karrer
